

AGN. NO. _____

MOTION BY SUPERVISOR YVONNE B. BURKE

OCTOBER 5, 2004

At a recent Regional Planning Commission hearing for the Pacific Concourse project, residents of the Del Aire community have expressed concern about a shortage of parking at the County Airport Courthouse building and that the Courthouse parking is overflowing into the adjacent residential neighborhood creating traffic and safety problems.

I THEREFORE MOVE THAT the Board of Supervisors instruct the Chief Administrative Office to direct a parking management study with the Superior Courts, Internal Services Department and Public Works in conjunction with the Economic Development Corporation and that the Chief Administrative Office report back with any findings and recommended mitigation within 90 days.
